BACKSTAGE—

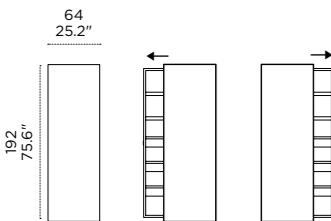

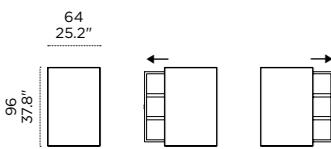

Salvatore Indriolo, 2010

Mirror design evolves and integrates with new features. A fixed and safe mirror hides a metal storage container that slides left or right to reveal its contents. Customizable with adjustable shelves, this complement is a true “home backstage”, which can also become the star performer at centre stage.

BACKSTAGE — Il concetto di specchiera si evolve e si integra con nuove funzioni. Uno specchio fisso e sicuro nasconde dietro di sé un vano contenitore in metallo che scorre sia a destra che a sinistra, svelando il suo contenuto. Personalizzabile grazie a ripiani mobili, questo complemento è un vero e proprio "backstage domestico" che può anche diventare protagonista al centro della scena.

BACKSTAGE — Le concept de miroir évolue et s'enrichit de nouvelles fonctions. Un miroir fixe et sécurisé cache derrière lui un logement en métal qui coulisse aussi bien à droite qu'à gauche, révélant ainsi son contenu. Personnalisable grâce à des étagères mobiles, ce meuble d'appoint est un véritable « backstage domestique » qui peut tout aussi bien devenir l'acteur au centre de la scène.
