BELLA H GM 320.06

H 48-94 W 45 D 56

DESIGN: G. e R. FAUCIGLIETTI

The sober lure of Bella with its high back comes from its elegant thin outline, perfectly summarising the archetype of leather chairs, in several versions with or without armrests, lounge design, leather legs, varnished metal. The back, in special flexible spring "memory" steel, conveys dynamism to a perfect balance between beauty and comfort.
