Shown in: Table-Onyx Base | Chair-Lava, Stardust Calypso

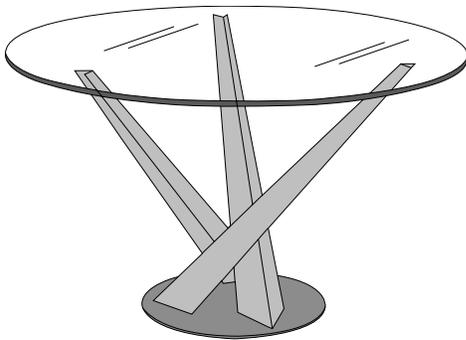

Designer : Table by Carl Muller | Chair by Rick Lee Patent Pending

## CRYSTAL COLLECTION

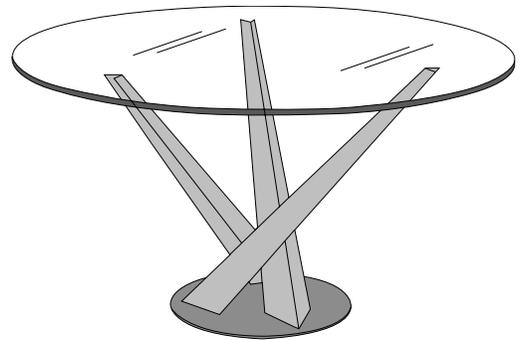

This fascinating design is inspired by the pure, precise interlocking forms of natural crystals. Three sharply formed steel arms appear to grow upwards from a central node, their interplay creating a dynamic central focus. You can upgrade the “wow” factor by selecting champagne-plating for these arms—otherwise, the arms and base are available in your choice of any Elite powder-coat finish. Glass tops are offered in 54” and 48” sizes, or you can substitute your own top as well. Crystal will easily coordinate with any of our popular dining chairs. Companion large and small rectangular dining tables, occasional and end tables also available.

## CARINA COLLECTION

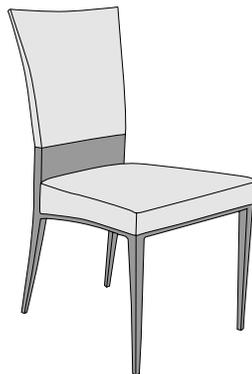

Our Carina dining chair was designed to fascinate and embrace your modern imagination. Her tall luxurious contoured back features a concave ergonomic support great for those extended dinner parties. Comfortable and dramatic, Carina's tailored sleek frame, tapered square legs and metal lumbar support bring a mystical modernism to any dining experience. Customize Carina by choosing the perfect powder-coat finish, fabric or leather. The combinations are endless!

Patent Pending

## CRYSTAL COLLECTION

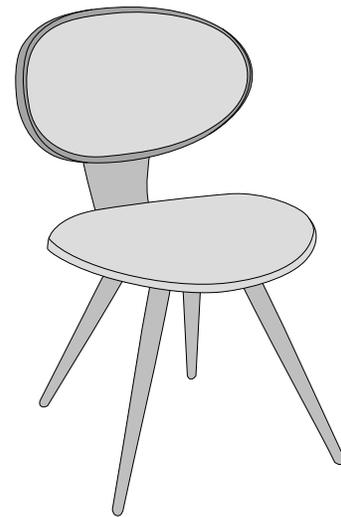

The pure, precise interlocking forms of natural crystals were the inspiration for this energetic design. Three sharply formed steel arms appear to grow upwards from a central node, their interplay creating a dynamic central focus. You can select champagne-plating for these arms, or opt for any Elite powder-coat color. Crystal will easily coordinate with any of our smaller dining chairs. Steel base is offered in any Elite powder-coat finish. Companion large and small rectangular dining tables, round dining and pub tables, and occasional tables also available.

## VERA COLLECTION

The Vera dining chair will have all your friends talking. Graceful and unique reflections of the past intersect today with a remarkable vision of style and comfort. The warmth of the walnut veneer silently wraps fabric inserts in the seat and back to provide hours of spectacular dining. The metal bracket supporting the back has just the slightest flex while Vera's tapered sassy legs flirt with your imagination. Available in Walnut Veneer. The back support and legs come in various powder-coat finishes, and you have approximately 200 different fabric choices. Customize Vera to fit any décor.

Designer : Table by Carl Muller | Chair by Rick Lee Patent Pending

## CRYSTAL COLLECTION

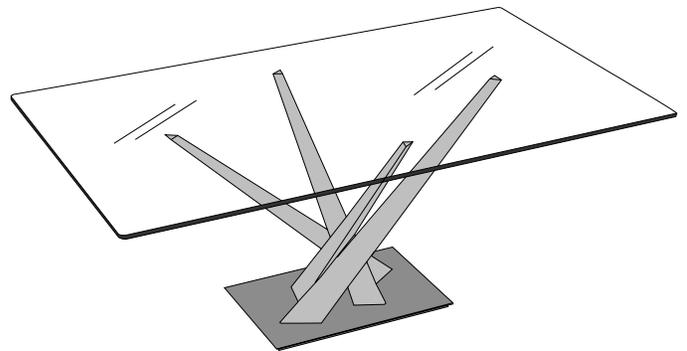

The pure, precise interlocking forms of natural crystals were the inspiration for this fascinating design. Four sharply formed steel arms appear to grow upwards from a central node, their interplay creating a dynamic central focus. You can upgrade the “wow” factor by selecting champagne-plating for these arms— otherwise, the arms and base are available in your choice of any Elite powder-coat finish. The entire body as well as the glass tops are offered in two sizes, or you can substitute your own top as well. Crystal will easily coordinate with any of our popular dining chairs. Companion round dining tables and occasional tables also available.

## TIFFANY COLLECTION

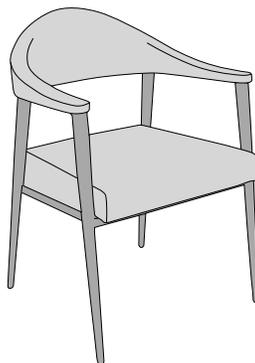

Tiffany is for those with impeccable taste.. And more! It's the sophisticated combination of contoured curves, cut in a variety of soft smooth angles, that makes the Tiffany chair a topic of conversation. The round and sassy tapered metal legs flirt with the plush wedge-shaped seat cushion to enhance the design and capture the essence of modernism. Take a moment and study the details! Tiffany is sure to define luxury in any dining environment. Choose a powder-coat finish and fabric or leather. Then invite your friends to experience the divine style and comfort of our Tiffany chair.
