

# GILL—

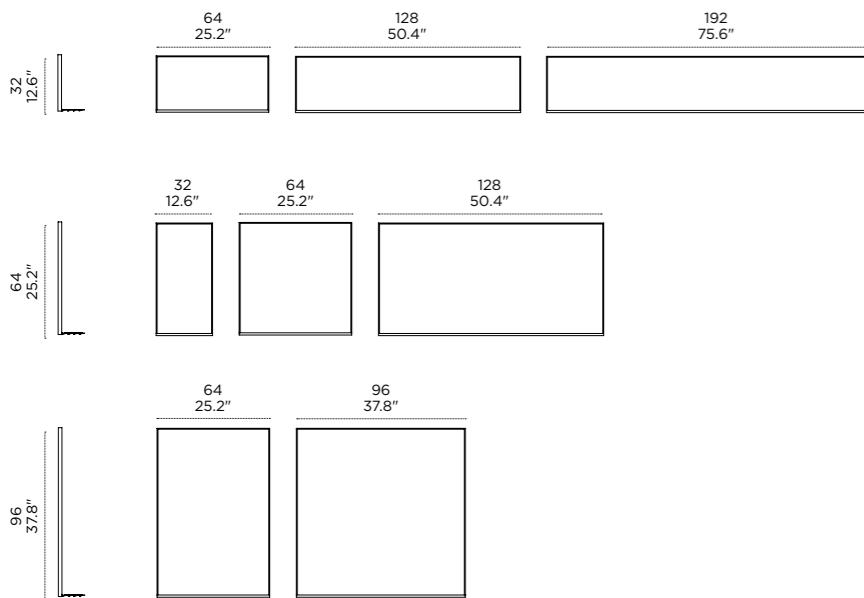

Daniele Gaspardo/StH, 2003

The linearity of the Gill mirror is provided by its minimal frame and convenient aluminium shelves that make the collection suitable for every room of the house. The multiple collection sizes allow, with the introduction of additional elements, entire mirror walls to be created with continued shelf stretches.

**GILL** — La linearità degli specchi Gill è data dalla cornice minimale e dalle pratiche mensole in alluminio che rendono la collezione adattabile a ogni ambiente della casa. Le varie dimensioni permettono, con più elementi, di creare intere pareti specchianti dotate di lunghi ripiani continui.

**GILL** — La linéarité des miroirs Gill vient de leur cadre minimaliste et des étagères pratiques en aluminium qui permettent à la collection de s'adapter à chaque pièce de la maison. Les différentes dimensions de la collection permettent, à l'aide de plusieurs éléments, de créer des murs entiers de miroirs aux longues étagères continues.

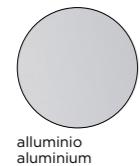

#### Misure e finiture / Sizes and finishes

Profondità della mensola/Shelf depth = 15 cm/5.9"
