

HAVEN COLLECTION

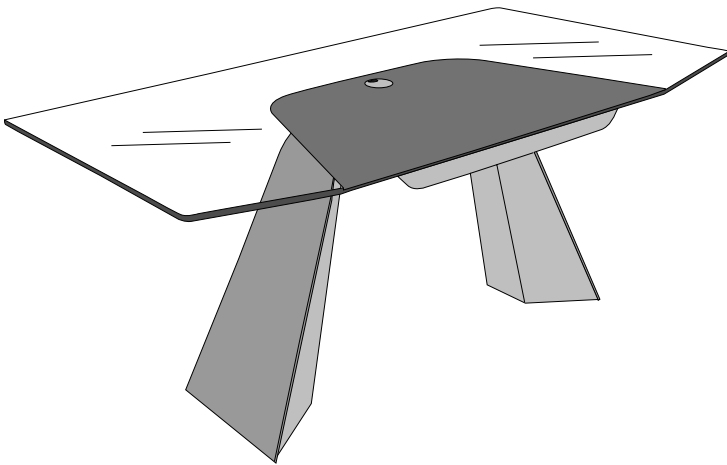

Shown in: Bronze, Natural Walnut Veneer, Sable Glass

Designer : Carl Muller Patent Pending

HAVEN COLLECTION

The primal yet contemporary form of our popular Hyper collection is the central motif of this chic yet practical work environment. Fashion meets functionality in this striking system, ideal for your home office or your corner office. All your power access and wire management needs are addressed— we've included a prewired power strip with surge protector, phone line, and cable hookup. Just open the magnetically-latched fold-down access panel, make your connections, and simply close the panel— no tools needed. You can run all your cables through the access grommet on the generous desktop, which features a dynamic inset Sable or Caviar acid-etched glass "blotter" which reinforces the flattened arch theme while concealing a champagne-fronted keyboard tray/pencil drawer. The dynamic arched body, clad in stainless steel panels and rich walnut veneer, artfully conceals all wiring and connectors. There's also a rolling file cart, which mimics the flattened arch desk top with contrasting stainless and walnut drawer fronts and handles. Add the companion credenza and bookcase to complete the most stunning workplace ensemble available today. Haven desk and Haven file cart, credenza, and bookcase are available in any Elite powder-coat finish, with either Sable or Caviar etched tempered glass. Walnut veneer components are available in a variety of finishes. Haven credenza, bookcase, and buffet also available.
