

VICTOR COLLECTION

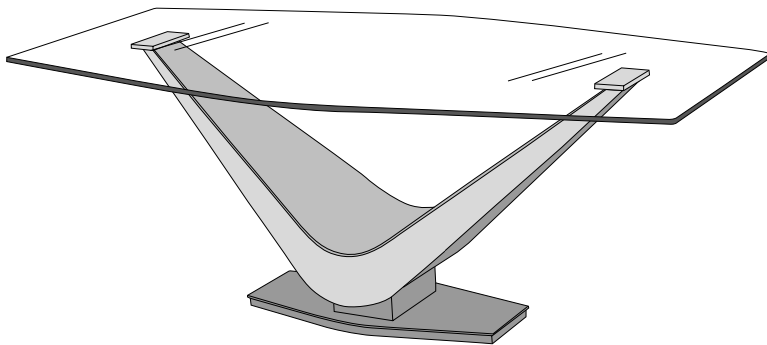

Designer : Carl Muller Patent Pending

VICTOR COLLECTION

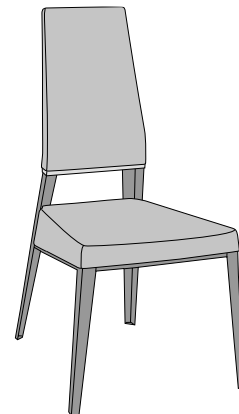

The strong geometry of Victor's boldly tapered chevron-shaped body, clad in striking panels of brushed stainless steel and rich walnut veneer, all converge to create a modern sophisticated dining environment. A generous reverse hourglass-shaped glass top further reinforces Victor's refined geometrical presence. Two solid stainless steel billets securely anchor the 1/2" thick tempered glass top. The entire body appears to hover above an understated steel base, which is available in all Elite's powder-coat finishes. Choose from two sizes: 42d x 76 x 28.75h or 44d x 86w x 28.75h. Victor will easily coordinate with and complement any of our popular dining chairs. Companion cocktail table, end table, and console, are also available.

VIVIAN COLLECTION

Vivian is tall and elegant, with shapely tapered legs and just a hint of sparkle. Crisply tapered and tailored forms create a striking silhouette, while providing comfort and support. Vivian's sparkle comes from a polished stripe of solid aluminum, which links the extra tall upholstered back with the sturdy steel frame. Vivian can be dressed up or down to complement any interior design scheme, and will easily coordinate with any of our popular dining tables. Available in all Elite fabrics and leathers, Vivian's steel frame is offered in all Elite powder-coat finishes. Companion bar and counter height stools are also available.
